

REMARKS

Claims 1-32 were canceled previously in the subject patent application. Claims 33-43 have been allowed, while claims 44-46 stand rejected. In response, claims 44-46 are being cancelled, which leaves only allowed claims 33-43 pending.

Rejections Under 35 U.S.C. § 112

Claims 44-46 were rejected under the first paragraph of 35 U.S.C. § 112 for failing to comply with the written description requirement.

Claims 44-46 also were rejected under the second paragraph of 35 U.S.C. § 112 as allegedly being vague and indefinite.

These rejections have been rendered moot by the cancellation of claims 44-46

Conclusion

Because this amendment cancels all the rejected claims, only claims 33-43 that are allowed remain pending. Therefore, allowance of the present application is requested.

Respectfully submitted,
Joachim Laurenz Naimer, *et al.*
